## Experience

- 2023-2024 **Production & 3D Print Engineer**  
DOPL  
Handcrafted luxury, one-of-a-kind personal sculptures with meticulous attention to detail, created and implemented numerous upgrades to the production facility, and maintained a small team of production engineers.
- 2022-2023 **Student Laser Lab Assistant**  
Pratt Institute Pratt Studios Laser Fab. Lab  
Monitored, maintained, and serviced several high-powered laser fabrication machines, helped students and faculty to design, setup, and cut projects, and assisted in monitor training.
- 2022-2022 **Student Copy Assistant**  
Pratt Institute ISC Copy Lab  
Worked with students and faculty in small and large-format printing, edited and prepared files for optimal print quality, scanned and archived important institute documents and managed front desk sales.
- 2018-2021 **Freelance Advertising & Promotional Design - Founder**  
J.A. Studios  
Worked alongside dozens of musicians and artists to create cover art for albums, EPs, tracks and other releases along with supplying eye-catching and enticing advertising for upcoming releases. Managed a small team of artists including music/audio producers, motion FX, social media marketers and illustrators.
- 2016-2018 **Design and Development Assistant**  
SalzMedia Web Design  
Entered coding statistics for interactive financial charts, organized and optimized spreadsheets for worldwide corporations (EXSIF Worldwide Inc.) and United States government associations (NAADGS).
